TERRE ROUGE AND EASTON WINES

2005 EASTON "H", California

House or "H" is our new fun, easy drinking everyday table wine composed of predominately Syrah and Cabernet Sauvignon. Like the New Wave wines of the Languedoc of Southern France, it is made from these two great grape varieties. House is what we like to sip on informal occasions. It is a café wine, a picnic wine, a boating wine, a great luncheon wine, a skiing wine, a wine to enjoy when you want a delicious glass of wine, but you don't want to think too much about it. House complements most Mediterranean and Californian cooking and it works well with other full flavored foods. Have a bottle open on the counter to relax with after work when other beverages just won't do the trick!
